Document Status

This is a controlled document. Whilst this document may be printed, the electronic version posted on the intranet is the controlled copy. Any printed copies of this document are not controlled. As a controlled document, this document should not be saved onto local or network drives but should always be accessed from the intranet.

Introduction

1. NHS England has a statutory duty to undertake an annual assessment of CCGs. In previous years, this was done as part of the CCG assurance framework.
2. In March 2016, the CCG improvement and assessment framework was published. This framework describes that CCGs will receive an annual assessment by NHS England derived from their performance in indicators across 29 areas, including an assessment of CCG leadership and financial management.

NHS England's annual performance assessment of CCGs 2016/17

3. Assessments have been derived using an algorithmic approach described in the accompanying methodology manual.
4. The table below shows the assessment rating of each CCG.
5. Full details of an individual CCG's performance against the framework's indicators are available on the MyNHS website.
6. NHS England provides an annual survey of CCG partners and a summary of the results; the CCG 360 stakeholder survey 2016/17 is published alongside this report.
