Summary

This guidance is for all service providers. It gives an overview of the fees scheme for 2014/15.

It includes:

- how we will calculate annual fees.
- when fees are to be paid.
- what the payment methods are.

You should read this alongside the legal scheme of fees, which is referred to throughout this guidance. You may also find it helpful to refer to our [guidance on locations](#) and our fees calculator which has been updated for 2014/15.

Background to the registration system and fees

1. On what basis can you charge a fee?

The Health and Social Care Act 2008 (HSCA) introduced a new, single registration system that applies to all health and adult social care providers who carry out defined regulated activities. Any provider of regulated activities must register under the HSCA.

Section 85 of the HSCA allows CQC to charge fees related to its registration functions. CQC are obliged to consult on proposals for fees and to secure approval from the Secretary of State in setting its fee levels.

2. When did you consult on your proposals?

CQC consulted in September 2013 on proposals to make some changes to the existing fees scheme.

We carried out an eight week consultation, directly communicating our proposals to providers and stakeholder organisations and we published our consultation documents on our website. Although the consultation has closed, the proposals we made are available for information on our [website](#).

3. What happens now you have consulted?

We took the responses into account in setting our final fees scheme and received approval for this from the Secretary of State in March 2014. Documents including our response to the consultation, analysis of the responses, regulatory impact assessment and legal fees scheme are available on our [website](#). The fees scheme takes effect from 1 April 2014.

Period covered by the fee scheme

4. When will the new fees scheme come into effect?

The fees scheme comes into effect on 1 April 2014. The scheme is available on our [website](#).

5. How long will the fees scheme last for?

The fees scheme remains in effect until it is superseded by a new scheme.

Before we can make ANY changes to the fees scheme, we have to formally consult on our proposals for change.

We are committed to reviewing our fees scheme where necessary and ensuring that it is covering the costs of monitoring, inspecting and regulating services.

What the fee scheme covers

6. What is included in my fee?

The fees scheme consists of an annual fee.

This annual fee is charged once a service provider is registered.

The fee covers the costs of our registration activities, which includes initial registration, any changes you wish to make to vary or add to your registration during the year, our activities associated with monitoring, inspecting and regulating services, including enforcement.

7. Will I have to pay a fee for initial registration?

No. We don't charge a separate fee for any new applications for registration.

8. Will I have to pay a fee for an application to make a variation to a condition on my registration?

No. We don't charge a separate fee for any applications to make a variation to your conditions of registration.

9. Will I have to pay a fee to add a new regulated activity?

No. We don't charge a separate fee to add a regulated activity to your existing registration.

10. Will I have to pay a fee for a new registered manager application?

No. We don't charge a separate fee for any applications to register a manager.

11. What fee will I pay if I am a charitable provider?

Charitable organisations will pay the fee amount that is applicable to the type of health or social care service they provide.

Fees are set against the cost of regulating each of the sectors, and charitable organisations are treated in the same way as any other equivalent provider of their type and size.

20. I provide a range of services that span across more than one of the fees categories. What fee will I have to pay? (N.B This paragraph does not apply to NHS trusts.)

If you are a provider of services that span over one or more of the fee categories, you will pay the separate annual fees associated with that category for each location where that applies.

This paragraph does **not** apply to NHS trusts.

An example where this would apply would be if you are a provider in the category of Care services and you run, for example a care home with nursing, and you also run a domiciliary care service from the same location, which falls into the Community social care services category.

This would mean that you would need to pay the relevant level of fee from each category for that location.

Any separate fees you are liable for will be combined together as one annual payment on a single date.

Provider fee charges

21. My organisation is an NHS trust – what fee will I pay?

If your organisation is an NHS trust, your fee will be based on the total amount of operating revenue given in your last published audited accounts.

Your fee will be based on the bandings set out in Part 1 column 2 of our fees scheme. These range from £41,000 to £117,875.

22. My organisation is an NHS trust that provides both healthcare and adult social care services. What fee category do I fit in?

Irrespective of the range of services you provide, your fee will be based on the total amount of operating revenue given in your last published audited accounts.

Your fee will be based on the bandings set out in Part 1 column 2 of our fees scheme. These range from £41,000 to £117,875.

23. What fee will I pay if I am a healthcare provider but not an NHS trust?

If you are a healthcare provider your annual fee will be based on the type of healthcare service you provide and the number of locations you are registered for.

There are four categories of healthcare providers for the purposes of our fees scheme:

- Hospital services.
 - Single speciality services.
 - Community healthcare services.
 - Primary care services.
-

24. What fee will I pay if I am a Healthcare, hospital services provider?

If you are a Healthcare, hospital services provider, your fee will be based on the number of locations you are registered for and the bandings set out in Part 2 column 2 of our fees scheme.

The fees range from £8,720 to £153,750.

25. How do I know if I am a Healthcare, hospital services provider?

Hospital services providers are defined as those who carry on healthcare activities under specific service types that are set out in our [Guidance about compliance](#).

The service types are:

- Acute services (ACS).
- Mental health hospitals (MLS).
- Learning disability hospitals (MLS).
- Inpatient substance misuse services (MLS).
- Long term conditions services (LTC).

All these types of services provide beds for the overnight accommodation of patients.

26. I provide healthcare acute services under the service type of ACS, but I am not sure if I am a Hospital. I think I might be a Single speciality services provider. How do I check?

Some services that are included within the descriptions of acute services (ACS) in our [Guidance about compliance](#) are not classed as hospitals for the purposes of paying annual fees. If your service is one where your **sole** or **main** activity is **one** of the following, you will fall into the category of a Single speciality services provider.

The specific activities are:

- Dental treatment carried out under general anaesthesia.
 - Obstetric services and medical services in connection with childbirth.
 - Termination of pregnancies.
 - Cosmetic surgery.
 - Haemodialysis or peritoneal dialysis.

 - The provision of hyperbaric therapy, carried out by or under the supervision of or direction of a medical practitioner.
-

27. Yes, I think the example above describes my organisation, so how will my fee be calculated?

The fees range from £1,540 to £49,200.

The fees range from £1,540 to £49,200.

32. I provide healthcare services under the service type of ACS, and some of my locations have overnight beds for patients, others are day surgery units with no beds. What fee category do I fall in?

If you are a provider of services of the ACS service type and some of your locations have overnight beds, those locations will fall into the Healthcare, hospital services fee category. Your other locations that don't have overnight beds will fall into the Healthcare, single speciality services fee category.

This means that you are a provider of services that span over more than one of the fee categories. You will pay the separate annual fees associated with that category at each location where that applies.

This paragraph does **not** apply to NHS trusts.

Any separate fees you are liable for will be combined together as one annual payment on a single date.

Determining categories

46. How do you define what fees apply to different categories of provider?

In order to accurately define the annual fees that apply particularly to the categories of independent healthcare provider, we have referred to a number of “service types” in our fees scheme. The service types are taken from descriptions we have used in our [Guidance about compliance](#) document.

47. Why are service types relevant to fee categories?

When we consulted on our Guidance document, and subsequently published it, the definitions of service types were intended only to provide a guide for providers to help them identify the service-specific prompts that applied to their type of service.

We are now also using the service types within our fees scheme for some providers. Depending on what service types you have told us you provide, we will charge an annual fee against that description. It will therefore be very important that your service types are accurately identified, so that the annual fee we charge you is the correct amount.

48. I think that the service types I told you about might not be correct. What should I do?

We recognise that you may have told us that you provide a number of different services but did not identify those with an annual fees charge in mind. You may want to revisit the service types you told us about and change those to more accurately reflect the services that you provide. If that is the case, you will need to discuss this with your Inspector.

Our registration guidance and forms will also assist new providers, applying to register for the first time, to select the most appropriate service types from the [Guidance about Compliance](#) document. Our [Guidance on changing conditions](#) advises what to do if you are an existing provider applying to add a new location to your registration.

49. How can I check that my fee calculation has been based on the correct information?

We will provide information on your invoice about how we have calculated your annual fee. If you have any queries about your invoice, you can contact:

Care Quality Commission
T70 Payables F179
Shared Business Services
Phoenix House
Topcliffe Lane
WAKEFIELD
WF3 1WE

50. Are service types important if I am an NHS trust?

Service types are not used to calculate fees for NHS trusts, so they are not important from a fees perspective to those providers.

Payment of fees

51. Will I pay separate fees on different dates for each location?

No, each provider will pay a single annual fee on the same date every year.

If you are not an NHS trust provider, the calculation of the total amount of annual fee you will need to pay will take account of all locations that are included as conditions of registration on your certificate of registration on the date the invoice is raised.

52. I have more than one location. Will I receive separate invoices for each of my locations at different times of the year?

No, you will be invoiced only once during the course of the year.

53. What happens to my fee payment if I make changes to my registration by adding or removing locations?

If you are an NHS trust, your fee won't be affected if you make any changes to the number of locations you have registered, as your fee is based on turnover.

If you apply to remove locations from your registration after you have paid your annual fee, and this takes you into a lower fee band, the reduction in your fee won't take effect until your next annual fee is due. We do not make in-year adjustments to fees for any changes to the number of locations.

If you apply to add locations to your registration after you have paid your annual fee, and this takes you into a higher fee band, the increase in your fee won't take effect until your next annual fee is due. We do not make in-year adjustments to fees for any changes to the number of locations.

54. When will I be invoiced?

For new providers, your invoice date will be the date your registration as a provider first takes effect.

For existing providers, the invoice date will fall on the anniversary of your last annual fee invoice.

55. What happens to my invoice date in future years?

We will continue to invoice you on the same date in subsequent years, even if you increase the number of your locations or you make other changes to your registration that affect your fee charges.

56. Where will my invoice be sent to?

We will send your annual fee invoice to the address you have given to us as the nominated address for your organisation. If you are a provider who has more than one location, we will not send individual invoices to your separate location addresses.

57. Will I be able to pay my invoice by instalments?

No, not at the present time. All invoices must be paid by cheque, BACs or debit card. There is no facility to pay by instalments.

58. Is there a refund policy?

If you are no longer going to be carrying on any regulated activities and you apply to cancel your registration as a service provider, you may be entitled to a rebate of a proportion of your annual fee if you have already paid it for the year.

Applications to cancel a registered manager's registration, or remove one or more of your locations, or cancel registration for individual regulated activities (where you will be continuing to provide others) do **not** constitute a cancellation of registration as a service provider, and no rebate of fees will be due to you in these cases.

If you think you may be entitled to a rebate of your fee, you will need to write to our finance department at:

CQC Finance Department
PO Box 1259
Citygate
Gallowgate
Newcastle upon Tyne
NE99 5AW

We will calculate any rebate that may be due.

Rebates are calculated to the nearest month and will only be payable once we have processed your application to cancel your registration as a service provider.

There may be circumstances where cancellation of registration is as a consequence of government policy or changes to the scope of regulation which result in whole groups of providers no longer being required to be registered. In these situations, we will review any financial impact on the specific group(s) of providers and on CQC before we determine the rebate policy.

In cases where we have taken enforcement action to suspend or cancel your registration, and you have already paid your annual fee, you will not be eligible for any rebate of your fee.

59. Where do I send my annual fee payment?

The address to send annual fee payments is:

Care Quality Commission
T70 Payables F179
Shared Business Services
Phoenix House
Topcliffe Lane
WAKEFIELD
WF3 1WE

Please do not send annual fee payments to our Newcastle address.

60. What happens if I don't pay my fee?

Non-payment of fees is an offence under the Health and Social Care Act 2008.

We will send you reminder letters and statements notifying you of our debt collection procedure if you do not send us your fee payment when it is due.

If CQC proceed with any enforcement action due to non-payment of fees, this may affect your continued registration.
